Please submit all manuscripts directly to the Editor. We prefer receiving two printed copies and one on computer readable form. We work with the following word processors on the following computers: MacWrite and Word on the Macintosh, Appleworks and Applewriter on the Apple Ile/Iic, Word Perfect on IBM PC compatibles, Word Star on a DEC Rainbow, TDP on an HP 3000, and soon WHIPS Plus on a DEC VAX. If you can submit it only on another system, please check with us beforehand. We hope to be on BITNET soon so that we can receive manuscripts electronically; however, we currently have no capacity to do this other than by calling your computer directly over a phone modem. Deadlines: April 15, August 15, and December 1 for the three issues published per year.
