HELP!!!

EXECUTIVE SECRETARY

In the jargon of today's executives, the undersigned is pleased to be on board as Executive Secretary. It is our intention to give you as much secretary and as little executive as we can, so please let us know what we can do for you.

We had thought we moved AMCBT with the minimum of fuss and confusion that Murphy's Law would predict, but wish to report it still operates in some unexpected areas which we are still sorting through. For all his faults (will we hear about this one), John Carlock had experience and know-how and especially chutzpah, and it showed in his activities vis-a-vis AMCBT. Please bear with us (your humble editor and myself), but please let us know how we can enhance your membership in AMCBT.

We have always felt that the society afforded us our best opportunity to discuss our craft with all its problems and hidden rewards with a group of very master craftsmen. This we appreciate and treasure, but we would like to bridge the period between annual meetings, and this we view to be the function of this office and MIDWEST BIOSCENE. To do this as efficiently and as broadly as possible, we need your support and active assistance.

Your Executive Secretary,
Ed Koe

EDITOR

I am delighted to be asked to serve AMCBT as the Editor of MIDWEST BIOSCENE. As you know, John Carlock's energy, enthusiasm, interest and innovation make his a difficult act to follow. You have heard it said that two heads are better than one. Some of you may question whether there is one complete head between us. However, Ed and I are here at the Central Office to serve the organization as best we can. Since we can yell at one another down the hall, we do not need a publication to communicate with one another. MIDWEST BIOSCENE exists to facilitate communication among the members of AMCBT, and its continued success depends upon you. Please continue to send articles, ideas, requests, and news items that you think the members would be interested in.

Thank you for your support.

Nancy E. Walker
Editor, MIDWEST BIOSCENE

MIDWEST BIOSCENE Published by the Association of Midwestern College Biology Teachers, AMCBT Central Office, Rockhurst College, 5225 Troost Avenue, Kansas City, MO 64110. Subscription free to AMCBT members. Published quarterly. Editor: Nancy E. Walker. Opinions expressed by authors are their own and are not necessarily those of the Association nor the institutions with which the authors are affiliated.
