CAREERS IN THE LIFE SCIENCES

The March and April, 1978 issues of American Biology Teacher will be devoted to articles about careers in biology. These issues will include articles on:

- Teaching at the elementary, secondary and college levels
- Opportunities in Marine Biology, Genetics and Genetic Counseling, Microbiology, Entomology, Agriculture
- Combining talents in Art and Biology, Writing and Biology
- Health Careers, Outdoor Careers, Museum Careers, National Park Service Careers
- Special Features on Matching Characteristics of People and Jobs, A Career Education Program, Fungibility, Technicians and Technologists, Handicapped Biologists, Women in Biology

And a Bibliography of Career Information, Reviews of Books and Audiovisuals on Careers.

Order copies at $3.50 for both: NATIONAL ASSOCIATION OF BIOLOGY TEACHERS, ]]>250 ROGER BACON DRIVE, RESTON, VIRGINIA 22090.
